

Theofer XT®

Theofer XT® - a complex of supplements, containing Ferrous Ascorbate Eq. to Elemental Iron 100mg + Folic Acid 1.5mg + Zinc 22.5mg, often assigned during pregnancy. Myoglobin helps your muscle cells store oxygen. Folic acid helps your body produce and maintain new cells, and also helps prevent changes to DNA that may lead to cancer. Ferrous sulfate and folic acid are used to treat iron deficiency anemia (a lack of red blood cells caused by having too little iron in the body). Zinc deficiency alters the circulating levels of a number of hormones associated with the onset of contractions, and due to the fact that zinc is necessary for normal immune function, the deficiency can contribute to the development of systemic and intrauterine infections that cause premature birth.

Active ingredient: Iron, Folic Acid, Zinc

Brand(s):Theofer Xt

Manufacturer: Theogen

Disease(s):Vitamins Deficiency / Pregnancy /

Theofer XT® Tablet

What is this product?

Theofer XT® - a complex of supplements, containing Ferrous Ascorbate Eq. to Elemental Iron 100mg + Folic Acid 1.5mg + Zinc 22.5mg, often assigned during pregnancy. Myoglobin helps your muscle cells store oxygen. Folic acid helps your body produce and maintain new cells, and also helps prevent changes to DNA that may lead to cancer. Ferrous sulfate and folic acid are used to treat iron deficiency anemia (a lack of red blood cells caused by having too little iron in the body). Zinc deficiency alters the circulating levels of a number of hormones associated with the onset of contractions, and due to the fact that zinc is necessary for normal immune function, the deficiency can contribute to the development of systemic and intrauterine infections that cause premature birth.

Uses

Iron deficiency either due to chronic blood loss or poor absorption. Folic Acid is a vitamin, prescribed for anemia due to vitamin C deficiency. It helps the body make healthy new cells. Zinc is used to help growth and good health.

How should I take this product?

Dose is based on patients condition. It comes as a tablet to take by mouth, with or without food.
