Merriam-Webster Vocabulary BuilderRemembering vocabulary Builder Remembering vocabulary can feel like a chore if you stick with memorization, but Merriam-Webster's Vocabulary Builder actually does a good job of helping you learn new words naturally. This classic book takes you through thousands of words, but theyre all arranged based on their Greek and Latin roots. If you know one Latin root, for example, you can think of it as a shortcut to growing your vocabulary. Each word comes with a definition, example, and even an explanation of its history, so you pick up some interesting cultural facts! There are also activities and mini-quizzes for each chapter. Why Having a Big English Vocabulary is Important building your vocabulary is more important than knowing the right grammar rules and word order.Your extensive vocabulary allows you to be understandable, which is important if youre in a situation where youre in dire need of expressing yourself.You never know if youll ever need to say, My passport is lost, or I have food poisoning.Even if you havent mastered English grammar, your vocabulary knowledgemay mean the difference between getting help or not. How to Build Your VocabularyThe best way to build an enormous vocabulary is immerse to yourself in English. If youre just starting out, try reading some articles on Wikipedias Simple English page. You can also use sites like YouTube to watch English video clips and listen to English music. Listen for the words youve learned in videos and music, and then expand to learning new ones. Subtitled videos and movies make it easy to look up new words. To simplify this process, you can use an online immersion platform. FluentU, for example, teaches English using video clips with interactive subtitles. These resources will help you remember the material covered in your vocabulary. books, which will let you build your vocabulary much quicker. Theyll also help make the learning process fun and refreshing, as nobody wants to read textbooks all day. Here are some more tips for building your vocabulary: Know the context of the words you learn. Pay attention to how theyre used in sentences. Use new words as much as possible. Mention them in your conversations and include them in your writing. Start simple. Learn the words that you use the most in your day-to-day activities. Things involving time, food and daily routines are good. Learn in groups. Types of food, modes of transportation, and vocabulary for hospital visits are all great groupings. Learning words randomly, like cheese and then submarine, is only going to confuse you. Stay away from opposites in with your groupings, itll only confuse you. Stick with synonyms. With these English through movies and online media, you should also check out FluentU. FluentU lets you learn English from popular talk shows, catchy music videos and funny commercials, as you can see here: If you want to watch it, the FluentU app has probably got it. The FluentU app and website makes it really easy to watch English videos. There are captions that are interactive. That means you can tap on any word to see an image, definition, and useful examples. FluentU lets you tap to look up any word. Learn all the vocabulary in any video with guizzes. Swipe left or right to see more examples for the word youre learning. FluentU helps you learn fast with useful questions and multiple examples. Learn more. The best part? FluentU remembers the vocabulary that youre learned. You have a truly personalized experience. Start using the FluentU website on your computer or tablet or, better yet, download the FluentU app from the iTunes or Google Play store. Click here to take advantage of our current sale! By learning these 1,000 essential words, youll quickly establish a solid foundation for speaking and understanding English. This simple and efficient method will help you gain confidence in using the language. The list of 1,000 most common English words is divided into 50 easy lessons, in each lesson. This makes it much easier for you to learn new words step by step. Instead of trying to memorize all the words at once, you can focus on just 20 words at a time. Breaking the list into smaller lessons helps you stay organized and learn at a comfortable pace. most important words first. We suggest learning one lesson each week, so you have enough time to practice and remember the words. This method will help you build your vocabulary gradually and steadily, making it easier to use these words in everyday conversations. When you buy via links on our site, we may earn a commission. Learn more. If youre learning English as a beginner, its easy to become overwhelmed with the amount of new words to learn. In fact, according to the Oxford English a number so large it can easily make your head spin! Fortunately, the good news is that you certainly dont need to learn them all. Even more good news is that reading English vocabulary books for beginners will allow you to learn the important words that truly matter for good communication in English. Then, by making sure you use your English on a regular basis, the vocabulary you learn will be reinforced and learned even more deeply. In this short comparison, youll find the best English vocabulary books for beginners according to our review of dozens of the best on the market. Here they are in summary: Vocabulary is important for learning English. Simply put, vocabulary is important for the one key reason: it allows you to express yourself. The larger your vocabulary, the more effectively you can express yourself, and the more effectively you can express yourself, the more effectively you can express yourself, the more effectively you can express yourself. smaller vocabulary doesnt necessarily mean youre a bad communicator (language, after all, is far more than words alone), it probably does mean that youre not quite as good a communicator (anguage, after all, is far more than words alone). key role in helping you to improve your vocabulary. So, without further ado, lets get into the list of the best English vocabulary builder Best for: Beginner or intermediate learners wanting to build a practical day-to-day vocabulary. Although not suitable for absolute beginners (basic knowledge of English is required for this book), Murray Brombergs 504 Absolutely Essential Words is a good resource for improving beginner-level English vocabulary and one that can be used in a number of ways: For example, the book is set up to be useful to self-taught adults, high school students, and foreign language English learners all at once. Interestingly, it can be used as a reference book (much like a dictionary) or a learning program and exercise book. If you choose to follow it as a structured course, youll probably find the book to be an excellent way to build your vocabulary. The book will introduce 12 new words per week for 42 weeks. The way it works is simple: youll learn the pronunciation, definition, and examples of each word, followed by a passage in which all the words are used and various creative exercises (including a picture-based exercise). All in all, we think this structured but creative exercises (including a picture-based exercise). All in all, we think this structured but creative exercises (including a picture-based exercise) and we strongly recommend it for learning English vocabulary if youre at A2 or B1 level. Advantages Easy to progress fast and track progress. Provides the pronunciation, definition, and examples of each word. The vocabulary is useful and practical for everyday use. Fun and engaging exercises in each lesson. Disadvantages Although beginner-friendly, its not suitable for absolute beginners. Minimum level: A1 Type: Vocabulary builder The first book in a series of four, English Vocabulary in Use (Elementary) is a classic vocabulary builder written by Michael McCarthy and Felicity ODell thats aimed at beginners (with later books for intermediate, upper-intermediate, and advanced learners available too). Well-known for its clarity, structure, and examples, English Vocabulary in Use is divided into different sections based on topics. A real strength of this book, in our opinion, is that a lot of the vocabulary is practically-oriented. For example, youll learn to use English expressions and informal terms, rather than only formal terms or verbose words that few people use in their day-to-day. The exercises in the book also mirrors this technique: for example, youll be a good choice for improving your vocabulary as if you were in a conversation or a job interview. All in all, using the English Vocabulary in Use workbook will be a good choice for improving your vocabulary as if you were in a conversation or a job interview. All in all, using the English Vocabulary in Use workbook will be a good choice for improving your vocabulary as if you were in a conversation or a job interview. accessible, even for A1 learners. Advantages Clear references and easy-to-understand examples. Includes conversational, colloquial, and idiomatic vocabulary. Large, well-structured book printed on high-quality paper. Disadvantages Doesnt go into as much depth as other books on this list. Best for Visual Learners: Oxford Picture Dictionary Minimum level: A2 Type: Picture dictionary Best for: Seeing and visualising the definitions of words in the form of pictures. Probably the best-known book teaching vocabulary through visual illustrations, the Oxford Picture Dictionary is a favourite among teachers and students for its completeness on the one hand, and for bringing words to life on the other. Although filled with colourful pictures, the book managed to go into a lot of detail nonetheless. Its divided into 12 thematic units, each corresponding to a broad subject (e.g. everyday language, people, housing, food and recreation, etc.). Each thematic unit is further divided into a cound a dozen or more subjects of roughly a page or two each. The illustrations are clear and colourful, albeit rather dominating on the page. Wed thoroughly recommend this book if youre a visual learner in particular. However, because of its engaging illustrations, and because of its engaging illustrations, we think Oxford Picture Dictionary is suitable for just about anybody at A2 level or above who wants to improve their English vocabulary in general. Advantages Published by Oxford University Press, a top English-language publisher. Clear, colourful illustrations that bring vocabulary to life. Practical vocabulary to life. Practical vocabulary to life. Practical vocabulary to a second vocabulary to life. Practical vocabulary to life. Pract structured practice. Best Storybook: The Little Prince Minimum level: B1 Type: Fictional novella Best for: Sharpening your English vocabulary by reading a story and not necessarily a structured vocabulary by reading a story thats stood the test of time, but also one of the best-selling and most translated books ever to be published. Combined, these things make The Little Prince a fantastic way to learn language especially for those who enjoy stories to begin with. Originally published in English and French in 1943, The Little Prince has since been translated into over 250 languages and dialects and sold over 140 million copies around the globe. The fictional story follows a pilot who crash-lands in the Sahara Desert, only to meet a young boy who came to Earth from a faraway planet and calls himself the little prince. Whimsical and fairy-tale-like, the story provides both an interesting setting for children and a much deeper social commentary that can be appreciated by adults of all ages. Although its difficult to compare The Little Prince to the other books on this list for the purposes of improving English vocabulary, we think its an excellent bet, especially if youre inclined toward stories and learning vocabulary by reading larger texts. easy to read. A classic thats stood the test of time. Disadvantages As a storybook, its not geared toward learning vocabulary. Not suitable for complete beginners. Best for Phrases: 102 Simple English by learning everyday phrases and expressions. If youre wanting to speak English like a native speaker, one of the problems you will encounter is which phrases and expressions to use. Indeed, there are hundreds of common English phrases, and memorising them can help greatly in improving your fluency and confidence as a beginner. This is the problem that 102 Simple English Conversation Dialogues For Beginners helps you to solve. By introducing commonly-used phrases and expressions used by native speakers (specifically in the US) and using them in texts to provide context, the book avoids the vocabulary-first approach seen in other books on this list, and instead tries to showcase the English language as its naturally used in day-to-day dialogue. The result? A solid overview of colloquial English at the beginner level (although, in our opinion, the books on this list). As a result, we think its an excellent choice if youd like to learn everyday English phrases in particular, but not if youd like to improve your English vocabulary in general. Advantages Practical phrases, useful for day-to-day use. Excellent alongside a more comprehensive vocabulary in Use Minimum level: A2 Type: Vocabulary builder Best for: Developing a practical understanding of the English words and phrases used in business. Business English can be unusual and, at times, not very self-explanatory. For example, its easy to wonder at the subtle differences between commerce, enterprise, and corporation, or to drop in versus to join in. This is the kind of vocabulary and nuance youll learn in Business. Vocabulary in Use (Elementary) (which is available at intermediate and advanced levels). This book uses neat examples and structured explanations to bring across the important aspects of business communication in an effective and approachable way. For example, the book is broken into a number of parts (e.g. Numbers, Socializing, Telephoning) and then further divided into several chapters each ending with a series of exercises such as fill-in-the-blank and open-ended questions. Because of the book for English business vocabulary, as we found it much more extensive than similar beginner business English books we reviewed. And although we recommend having at least an A2 level of English. Advantages The book goes into a lot of depth about business. The vocabulary is practical and relevant. Interesting examples and explanations. Disadvantages Exercises could be longer and more frequent. Can be too advanced for A1 learners. To sum up, here are our picks for the two best English vocabulary guide for our recommendations in general. Tips to Improve Your Vocabulary As a Beginner In the end, no book on this list alone will give you mastery of English vocabulary. Instead, these books are tools tools which, with the right practise and motivation, will help you build your vocabulary. Instead, these books are tools tools which, with the right practise and motivation, will help you build your vocabulary and improve your English communication skills slowly but sustainably from a beginner level right up to an advanced one. To maximise your results, we recommend combining the reading of the books on this list, but blog posts on the internet, newspapers, childrens books, etc. The more you read, the larger your vocabulary will become. Its as simple as that. Speak the language as often as you possibly can. Any spoken exposure to the language will naturally build your vocabulary quicker than you might imagine. If you have the opportunity to speak English with native speakers, all the better! Keep motivated and keep practising. With time, youll quickly move beyond the beginner stage to a more comfortable and familiar understanding English. See Our Other Guides This article may contain affiliate links. Controlled language at your level, including the 1000 most frequent words, to help you learn conversational expressions and improve your speaking ability. Pleasure! It's much easier to learn a new language when you're having fun, and research shows that if you're enjoying reading in a foreign language, you won't experience the usual feelings of frustration It's too hard!' I don't understand!'Accessible grammar so you learn new structures naturally, in a stress-free way. I can guarantee that in Short Stories in English you'll not only find plenty of words in context but also narratives that will make learning English easier, fun and more effective. You can get Short Stories In English on Amazon. This is a collection of contradictory true personal stories in answer to What's the best way to learn a language? Its written by my colleague Fabio, a highly qualified English language teacher from Italy. Fabios first language? is Italian. He had to learn English. In Any Language You Want he tells you everything he did to master his second language. But each story disagrees with the next. One chapter tells you whats the best way to learn a language. But each story disagrees with the next. one argues you should do everything on your own. Take no courses, hire no teachers. Do what Fabio did when he was living in Australia. Which story is right? All of them. Fabio wrote these 80 pages to inspire you and show you that theres no one single right way to learn a language. But where are the vocabulary exercises? you may ask. There are none. None? So how can I expand my vocabulary?! Lets see what Fabio has to say about this. In chapter 4 titled Learn Unconsciously he says this: [W]hen you are reading or listening to something in the language youre learning, focus only on understanding the main message and proudly ignore everything that looks or sounds unfamiliar. Dont worry about that noun you have never seen before. Ignore that mysterious verb the actress in the movie has just used. Pretend you didnt hear it or quickly try to quess its meaning and then move on. Keep reading. Keep listening. Never press pause. Never interrupt a story to look up a word in a dictionary. If you are enjoying the content, you are doing fine. If you are struggling because its all too hard, stop and go find something easier.Learn without being aware youre learning. Thats how youll learn vocabulary. You can get Any Language You Want on Amazon. Would you believe me if I told you theres a book that helps you learn vocabulary while you binge Netflix and improve your listening skills at the same time? I didnt believe that until Cara Leopold, one of the most skilled English teachers of listening Workbook. This is a book that will help you catch fast dialogue and learn new vocabulary as you watch movies. You'll get: details on how to create listening and writing exercises using your favourite movies and TV shows.space in the workbook to do your own dictation exercises, reflect on your progress and note down new words while watching a movie?!Thats right, my dear reader. Learning a language involves both active and passive work. And if youre into movies and TV series, Caras book is a must.Get it here.Ive already talked about the popular English for Everyone series in my post about the 20 top English grammar books.English Vocabulary Builder is part of that series and its a unique combination of language reference and practical workbook. It contains 3,000 of the most useful words and phrases in English, audio recordings for every word, and interactive exercises. Its got an accompanying app too. But what I love the most about this book is that words and expressions are illustrated through images and other types of visuals to help you understand their meanings. English Vocabulary Builder is worth having if you love learning by seeingCheck it out on Amazon. The Cambridge In Use is a series I cant recommend enough. English Vocabulary in Use is a series I cant recommend enough. is explained using simple terms, images, and lots of examples, and each unit has practise exercises too. Everything is clear and easy to follow. No wonder the In Use series is one of the most popular self-study books for learners of English. There are different levels: Elementary, Pre-Intermediate, Upper-Intermediate, and Advanced, so you can choose the one thats most suitable for you. Just make sure you buy the one with the answer keys, so you can self-check your answers. You can find English Vocabulary In Use on Amazon. This is a six-book series written by Paul Nation, an internationally recognized scholar in the field of linguistics and teaching methodology whos been studying vocabulary acquisition for decades. Trust me; this book is like no other.4000 Essential English Words focuses on practical high-frequency words. All the vocabulary youll be studying covers a large percentage of the words youll find in many spoken or written authentic texts from the real world. These words have been carefully selected so rest assured youll only study vocabulary that you actually need to know in order to understand what you read and listen to. In each unit, youll find:20 words defined and used in sample sentences. Activities designed to present the words in different levels, from beginner to advanced. So you can start where you are and work towards learning advanced English vocabulary, its useful to learn what we call collocations. So, for example, instead of just learning the word dog, itll be more useful to learn walk the dog, have a dog, feed a dog, and so on.Learning collocations can help you speak more fluently because you learn bigger groups of words as if they were just single ones. English Collocation in Use, another great vocabulary book from the In Use series, helps you do just that. Check out the intermediate version here. Get up, find out, look up to, calm down we have so many phrasal verbs in English. And this book presents the 400 most frequently used ones showing you how to use them effectively. Youll find clear examples followed by practice exercises. Each unit is 4-page long and contains, among other things, helpful study tips on learning and remembering phrasal verbs. Suitable for B1-C2 learners. You can get the book here. Lara is an English teacher and polyglot from Italy. to learn new words. Her English is nearly better than native speakers. But shes in love with learning vocabulary so she created a language journal to help her favourite TV series in English. Always. This journal is 190 pages and inside you will find: a consistency tracker to keep you accountable and motivate you to study daily.10 vocabulary sections (with enough space to write down and never forget a total of up to 300 new expressions/words).10 review sections to go over what you're trying to learn. Several dotted pages for you to customize and use however you want. Useful tips on language learningLara says this is not a phrasal book, so you won't find a list of random expressions. Rather, this is a tool to help keep all your vocabulary. You can get in one place, so you can easily access them and review what you learn. The Language lournal is not well-known but its definitely something for you if your vocabulary. You can get in one place, so you can easily access them and review what you learn. It contains exactly what the title says: 101 conversations in simple English that will immerse you in the language at a level you can easily understand and reproduce. The book includes over 15,000 words of dialogue that include expressions real people use on the street. Each conversation is limited to around 15 lines (150 words) to help you master the expressions more quickly and keep you moving toward the finish line. Ive also included vocabulary lists and chapter summaries to guide you through the stories. If youre a beginner or an intermediate student, this is a great book that will help you not only learn conversational vocabulary but also speak with confidence. Check it out on Amazon. Martin Johnston is one of the funniest English teachers I know. He has a podcast called Rockn Roll English too. He calls them the RnR Family. In this book, youll find 25 true short stories that Martin and his community put together. Real stories that are, in Martins own words, true, funny, shocking, disjusting, inspiring and many more things, butthey are NOT boring. The e-book includes:25 real stories from the story. Dedicated podcast episodes where youll hear Martin tell the stories. The title is RnR Stories to Save the World. Why Save the World where you'll be helping families in Ukraine. All the money goes to them. You can find this on Martins website. I hope you'll be helping families in Ukraine. you think? Are there any books you cant wait to get? After reading this list, you may think that the best ways to improve, not the best one. Other great ways include: and of course, stories! But Im sure you know that by now Creator of the StoryLearning Method Olly Richards is a renowned polyglot and language learning expert with over 15 years of experience teaching millions through his innovative StoryLearning method. He is the creator of StoryLearning, one of the world's largest language learning blogs with 500,000+ monthly readers. Olly has authored 30+ language learning books and courses, including the bestselling "Short Stories" series published by Teach Yourself. When not developing new teaching methods, Richards practices what he preacheshe speaks 8 languages fluently and continues learning new ones through his own methodology.
