presently at , do hereby state on solemn affirmation as under:-

- That I am the petitioner in the above-mentioned Special Leave Petition. I am fully conversant with the facts and circumstances of the case. As such, I am competent to swear this affidavit.
- 2. That the contents of accompanying Special Leave Petition pages to (in Para 1 to), Synopsis and list of dates page B to and LAs./Crl.MPs have been read over and explained to me in my vernacular language and I have understood the same. I say that the contents thereof are true and correct to my knowledge.
- That the annexures which are being annexed to the accompanying Special Leave Petition are true copies/translations of their respective originals.
- 4. That the facts stated in the above paragraph of my affidavit are true and correct to my knowledge. No part of it is false and nothing material has been concealed therefrom.

Verified at (place) on this the (date) day of (month), 2011.

DEPONENT

Rating 4.74/5 Based on 19 reviews, Neil Josten knows signing with Palmetto State Fox is a fatal mistake. After eight years of running, he should have better survival instincts, but one of his new teammates is his old life friend. Neil left him once; He can't go the second time. It stays faster, its past will catch up, but maybe Neil has finally found something worth fighting for. The more Neil Josten is the latest addition to his state university. It's short, it's got a lot of potential and escaped the son of a murdered criminal known as Butcher. The last thing Neil should do is sign a contract with the Volpe Dog. The team is of a high level and does not need sports teams to convey its face photos across the country. His lie will only last for control of this guy, and the truth will kill him. But Neil isn't the team's only mystery. One of Neil's new teammates is his old friend and Neil can't leave him a second time. Neil has survived from the start for the past eight years. Maybe he finally found something worth fighting for. It's been a pretty good series, I really signed up to understand if anything was going on. However, I congratulate the importance of agreeing to the main relationship. And elite/serious sports players wouldn't be smokers, it's a little suspicious I couldn't stop X'd. (I've seen Andrew because he does, because he has such a non-gen attitude, but Neil? WTF doesn't make any sense and the justification we get at the beginning seems very rare). And. The way Andrew's medicine worked incredibly. (Overview of a free book) I actually learned the existence of this series Pinterest. I looked for stimulating couples and found a lot of art. It made me curious and eventually got to know the books. Having gone this far, I decided to read and watch the court19 By Exam 4.74/5 Points Neil Josten knows signing with the Palmetto State Foxes is a fatal mistake. After eight years on the run, he must have better survival instincts, but one of his new teammates is a friend of his old life. Neil left him once; The second time cannot be separated. The longer, the longer he stays, the faster he gets caught, but he may have found someone and something worth fighting for to end Neal. More Neil Josten is the have found someone and something with the PSU Foxes is the last thing a guy like Neil should do. The team has great profiles and doesn't need sports teams to post pictures of their face all over the country. His lies will be kept in check for a very long time and the truth will kill him. However, Neil is not the only person with a second time. Neal has survived racing for the past eight years. Maybe he finally found someone and I was even interested in fictional sports (couldn't I be real? At times annoying behavior and unhealthy coping/character mechanisms. Remember that some of these will be helpful. I'm talking about the importance of accepting a basic relationship . Oh and elite/serious athletes won't smoke lol lol I can't bring myself to stop x'd (I can see Andrew doing it because he's very shit but Neil? And Andrew's "medical" works Way (Free Book Review) I was actually aware of the presence of this series that would play through Pinterest. I was looking for couples that inspire me and I found many artworks by Neil. Andrew. Books. I decided. The trilogy was worth the attempt. I'm glad ... so. I love it. Pinterest came, possible Neil-andrew art, and came too much, with character dynamics and action. What else can I say? Five stars (free book review) This book is great, heroes are interesting and the story turns work well. I bought the other two books and did not regret it. The quality content I was looking for (free book review) I liked these books, which I bought all three as a soft cover. I can't wait to read it again! The heroes just stole my heart. (Free book review) so good!! Ahhg, the end squeezed tears in the eyes! I got two two books on my birthday and I can't wait to read them again. The heroes are fantastic and so well written. Although this book may be nothing, I was definitely worth reading. It was so good that I had to hand it over to my friends to enjoy it. I like the trip we go in Nile's life, and with his team, I can't say enough about how good this book is! This book teaches such an important and equally authorized lesson that sometimes blood does not always belong to the family, such as the people you are surrounded by. (Free book review) without words. This series helped me deal with very heavy shit. It's not for everyone, but it's fantastic. Dick performs for everyone. (Free Book Review) I only write this review in response to Feather Qill. I usually allow honest negative reviews - you just don't like the book and you have your own reasons. I only get two types of reviews: Christians die who "did not understand" the content of the book that contradict their faith, and people who criticize the fiction that it is not realistic enough. In the Oxford dictionary, fiction is defined as "literature in the form of prose, special stories and novels that describe imaginary events and people." If you didn't like the hero, well. You are entitled to it. If you tell me that "the sports world is not working as it works in reality" I will lower the gas. Corruption in sports is a common phenomenon. No one wants to deal with important topics such as CTE, even if it affects players of all ages, as they are not suitable for purpose. What bad with an imaginary sport that destroys other ways? But even without noticing this fact, the author decided to make his sports world so corrupt. And if you know something, that's fine. Saying that drugs and violence are something extreme to you is one thing, but denying your artistic qualifications for things like "antipsychotics don't work, people" is different. They could. I think the critic should reach into the "literature of fiction" for more accurate descriptions of life and leave books as art to those who imagine the ability to embrace a world other than our own. (Free Book Review) While not unreadable, it is pretty poorly designed. The world of sports is not step by step what it really is (players carry guns on the field, take drugs and no one tries to stop them - doping something? The drug test makes kids empty their pipes this way. The doctor checked the hands with corner scars, because apparently this is the only IV site) etc) like almost everything else. Antipsychotics never work that way, folks. And for some reason, Sport's obsessed hero knows about 100% more about the personal lives of the team members and their troubled pasts than he does about how the group works. You probably haven't seen any of their shows - less sports fanatics, more Fanboy encounters. Unless only one player is such a big star that he gets sponsors again, so again ??? But makeup was the main problem for me. The team, allegedly created by a coach to give children from difficult families/environments a chance to build a new life, allows (sometimes encouraged) to follow the same coach: verbal abuse and threats of violence. - Abuse of other team members, intoxication, verbal harassment, etc. Don't stop making threats and acts of violence. You know, did you start a band?) - and more. Also, everyone except the reaction to MCS is "disturbed" and "deeply" because it really isn't. I don't know, I can't help(Review of a free book) Such a great show of American emotions from beginning to end, the characters are charming and extremely interesting. I highly recommend it, even if you are not a sports fan or you have never heard of exy (if you have problems, Vikya will be very helpful). (Free review of the book we are always looking for) LGBT media. did not know if I would be interested in the book about sport, which at first glance seemed so dramatic to me. I read the whole series in less than 48 hours. This is what this story and these heroes mean to me. These books have a very good pace, it takes realistic time to bring out all twists and families. The heroes live. It is great to have such a good LGBT drama! Before Lisa!, The chapter released his first cigarette of Neil Josten, not burning the filter. He didn't want nicotine; He wanted a burning smoke that would remind him of his mother. If he inhaled quite slowly, he almost felt the smell of gas and fire. It was also disgusting and comforting, and it made me goose bumps. The impulse reached his feet and dropped the pile of ash to the ground. He fell through the stands on the this way. Search results for "The Foxhole Court" go to Nil Josten Assessment and reviews - the latest addition to the exy University of Palmetto. He is a bastard, fast, has great potential and is a coincided son of bloodthirsty criminal authority known as a butcher. Signing a contract with the dog Foxes is the last thing that a man should do like Nile. The team is well known and does not need sports brigades uploading photos of her face throughout the country. In this case, they will not check lies too much and kill them for the truth a team. One of Neal's new teammates is a friend of his old life, and Neal cannot let him go a second time. Neil has endured the race in the past eight years. Maybe he finally found someone and something for which it is worth fighting. I do not use this account so sorry for the lost messages. Life 1-30 of 7,832 reviews October 27, 2015. Book No. No, adolescents are generally not brought into nightclubs to abandon the tubes. The NCAA should never allow a player with mental disorders to wear a school uniform, assuming that he takes antipsychotic drugs all the time. No, antipsychotics do not knock you out like that. Until Pro-Uccido-Kozzo-Coostro withdraws four hours from your last breedza pill. A bone on the beach without being discovered once in its entire race of several hours ... and who does that? . No, you probably can't drive a car over hundreds of kilometers suffering from all this, it doesn't matter if your son is in the car with a box of matches and petrol. A battle against another as a rival team, despite the 1979 baseball and the Yankees. No, you cannot get rid of the effects of emotions on the brain and get out of the window the next day after a slight coma, then walk 20 km to sit in someone's kitchen for a glass of water. No, the Yakuza never approach Caroline, or New York, or San Fransisco, Or wherever people know what you mean when you say the letters "FBI" in a low and clear voice. No, it is not possible to do a fucking sport of contact with knives connected to the body ... Never, anywhere, anywhere, anywhere people know what you mean when you say the letters "FBI" in a low and clear voice. No, it is not possible to do a fucking sport of contact with knives connected to the body ... Never, anywhere people know what you mean when you say the letters "FBI" in a low and clear voice. melodramatic discourse with melodramatic fingersYour melodramatic lips always speak melodramatic. No, he's just going to mordor.no.kay? I don't do it. I said "No. Alex of This is the stars and comments of I see February 2, 2018. However, I took a lot, I didn't even know what I needed. Note. All rights reserved to the various artists who created the fanart associated with Fanart. The decision to transform Fox-Hura's house was a good one in theory, but it meant that her players were insulators who couldn't get through long enough to get through long enough Aaron Michael Mignard, #5 - Brian Seth Gordon, #6 Reynolds, #7 - Defense Nicolas - Concessions Esteban Hemmick, #8 - Natalie René Walker, n°9 goaltender Neil Josten, #10 forward Andrew Assum that you can hold everyone on this team. "I love to run," Neil said. "Damn," Seth said. "Learn to shoot. We say you don't score a goal against Andrew anyway." "No," Neil said. - Not yet. "You can talk to me when you do this," Seth said, but heA distant trip LGBTQIA representative is phenomenal by its fine access. We get a mafia, common sense, crime and justice, family ... and above all to work with a team. "You lost. Your school is a mockery of NCAA. You are a team without a teamwork concept." "You're lucky," Nile said. "If we were one before, you wouldn't have a chance with us." The excitement around this series is something that cannot be described in words. With such a strong fan base, you will pay attention to the story. So I'm here, I'm going to burn. Although I liked the way the story was managed, I felt it was one of the disadvantages of the story. It stuck for a while and the story captivated me only to 75 %. However, when I read some reviews about it, I found that many people say that the story is actually evolving in the second and third books. Since I liked the TFC very much, I will probably read this week, if not next week, if not n realized how Foxes took third place last fall and won a place in the championship. Writing was very bad because many heroes were released, and after a heavy scene it was confusing. I wish I could say that he was beneficial to his amateur banalities, but ... "The coach says he has a potential mockery. Matt looked at Nile. - Andrew says you're fast. Nile frowned "When he said it?" "What do you think, the sages?" Seth asked. " Laughter in this book had to relieve it. If I could judge a book only on the basis of humor and the special hits we get among the heroes, it would be reading to 5. I also liked the author to include three girls with the nature of complete contradictions to balance all around the flying testosterone. Each team in the team had such a brutally sincere and real personality that created the best EXY team on the planet as a result of the mixture. "" We will tell everyone that you are not qualified, we will not sign you. This doesn't mean they know the details. I'm not surprised by myself and I'm sure I will not tell them. What I was skeptical at the beginning, but when I read the episode, I gradually liked more and more. Dialogues were sometimes not realistic, but the big "good" was also a very small failure, but he looked behind the bus and forgot what he said immediately. "Hell, the devils with all this. Hemmy! You had to awaken them ten miles." "I don't want to die," Nick said. Neil and Andrew said, "Hello, Pinocchio," he said without looking at Neil. The applause in his voice was very ridiculous. In fact, Neil doubted that someone else was noticed except the fox. This is for you. "Someone" slowly "burns," he shouted. Andrew and Neil were like a puzzle for me. In the first 3 quarters of the book, I didn't really imagine what kind of writer. Two chemistry. Everything looked like a mess, and not everyone looks good together. I really love Andrew ... He's still a mystery for me and I'm impatient. I will slowly solve it in a trilogy. This is the "death investment" of a fox and if he was devilly interested ... I thought I was a cool crowd. Don't expect to read, how much the time of Neilo developed with foxes, a really cinnamon role in this family because it suffered enough after the demons, but then 25% of the book came out and hit me as a brick bag. Normally not perfect and I love how it breaks. Damn, mines. That's why we can't have good things. When the author publishes the rules and shows RO. I love the author, are sufficient for the feeling that they are connected to create something bigger. "Remember the emotion, are sufficient for the feeling that they are connected to create something bigger." The chemistry between the characters and a group of non-honest groups are sufficient for the feeling that they are connected to create something bigger. A moment when you stop being a rabbit. "Pep Contersations, Powswows, Bustnes and Full Night Practice - I understood why so many people are in love with this Paras band just trying to live life. There's a lot more than you think, and if you haven't read it yet...give these guys a chance. You may not regret it. "You play as if you have everything to lose." for who I am. I still love you guys. Trust me when I say I have a deeply boring soul that this book; 1. The fact that Exy is a coed sport and that no matter what your size is playing this game. And this little second option. 2. It was free for me. Hmm... I guess that's it? I almost added how much he comes out as gay, but when I think of Nikki and how bored he was, I can't. LGBTQ+Rep characters are fine, so don't make me hate them. Now the things that pulled my hair. Pay attention to the writing style of the book I read. Personally, this is what makes a book or breaks me. I notice lots of little details like how a particular paragraph flows or if the transition was good, etc. The fact that I'm not really excited, I think I read books 99.9% of the floor and only 0.01% logical path. I don't mind writing very simply, as long as you can convey your story. (Think fairy tales!) But boy, this book. (!!!) My main problem with the book is the writing style. It was slow and clunky and made my reading experience worse. I found myself re-reading a few snippets and still seeing if I'm reading this completely absurd picture. He checked my understanding. I got the impression that the writing style is intentionally harsh so it can hide how terrible everything is in this book. As the critic said, it's like a bookHe makes me deal with it, "I really try to look. Do you see severity? "Order, you will be happy with yourself because not only did I see the challenge, but I also felt it with my bones. One girl. The same. The episode is informative, too much irrelevant and nothing legal. I had characters, knees, etc. 'It was so tedious that I was halfway. Aggression. Sports there and all you have to do is to do what is called the study. Perhaps because he wanted to exercise, but still hate What volatile is this fantastic sport. Think, I am very sorry, but it is unacceptable to me. Do you want to create something new? At least that's real. (Fudditch, bitch!) One of the most popular sports in the world? It also took hundreds of years before Quidich became popular! Unrealistic things about exy: "The decision to turn Foxhole into a kind of reception house was theoretically good, but meant his players B Proponents of isolation who could not leave long enough to get involved in the game." Shit fantasy. Please. Team sport does not work that way. Even a huge ego football player knows that such a team will not go anywhere. The coach will in no way allow his players to escape. Hey, is a trifle that doesn't always work for TBH, but sometimes ... It's called anti doesn't always work for TBH, but sometimes ... It's called anti doesn't always work for TBH, but sometimes ... It The professional player refuses to train with his teammates except two. I. You. Damn. Laugh. Myself? player who brings the knife to the field. WTF? "Wymack rarely intervened in fights. He left him and then reported them with cardio and intense old sides. - And he's a lame instructor. If you don't have authority for your players, I suggest you go home, man. And official. The 11th episode of this book is the longest and most useless part I have read in my life. Basically, one second after the second after the second story of those in the most boring game in history. It's something else that disappointed me and puts me to the level of nine hell. In this book, the author did very little with everything he used in the field of mental health. God. The things written here only immortalize the stigmatization against mental illnesses and affect people. The author made these stereotypic characters and disgusted them because he was not associated with these diseases in any way. Words such as suicide and psychotics were easily initiated in this book that ignored me deeply. I have a lot to say, but I suggest you see my notes and the obvious moment of this book. Be careful, there may be spoilers in advance, so I recommend you not to check that you haven't read the book. Even if I understand this: A mania induced by a court? This is true? Because it looks worrying for me. What does Mania Mania want? It has a good idea to force someone to improve mania just to reduce aggressive behavior? WTF. Shouldn't this be related to anger management or anything else in the caliber? Or does the author tries to use the law of Kendra here, but cannot express it properly with words? Or isn't it right here? I definitely think and I didn't have enough torture, there's some kind of rape joke! Tadaaaaaaaaaa! The only thing I'm enthusiastic about this book is that people tell me that they are gay romance here. But to be honest, I can't see that I enjoy a love story that MC is in love with someone who falls in love with someone who falls in love with someone who falls, under drugs or kidnaps, threatens or scare it several times. It's not just good because they're not a girl. Unexpected relationships should not be justified because "young men will be". If you have aaaaa and family medication, if you don't want to bring a knife from family games, you'll drink something to a psychopathic member. Killing you and even trying a few times... yes, it felt like family to me. I had almost forgotten how guilty the characters were. I felt that the author's description for these characters was boring and boring and boring and boring and the first book wasn't that good and I had to do it, but we can't do the same. I can't say at the moment that I will read the next books in the series. If you liked this book, all the better for you. Seriously, I'm happy for you, Maybe my bullshit is a lot more sensitive these days. Your daughter just takes my income and then I take full criticism of everyone if you get at least one more than what everyone is trying to give you, second, third, fourth, whatever, First of all, I would like to thank May for giving me the emotional support I needed while reading this book. : Second, dammit, I didn't think I'd really like it. How is my life I could not leave friends, I read it in 24 hours and I did not regret it. It was much darker than I expected but I fell in love with this main character and fell in love with him and his story from day one. I know it's a bit polarizing to read, but if you liked the ending and Wicker King, I think this story is really worth reading! Especially since it's free on Amazon! Basically, it's the story of a boy who is almost on the run. Neil currently lives in a small town in Arizona and tries to stay discreet, but can't stay away from his one love. Exy, this is a mix of butt and football. However, Neil is a homeless man who can pack all his stuff in a gym bag and is currently sneaking into his school's gym to sleep. However, the Exy coach notices where he sleeps, but also notices where he sleeps, and he sleeps where he sleeps whe Neil. PSU is a newly revamped and thriving team known for welcoming kids who don't usually get a second chance but are even more excited for the limelight, but he's tired of running, especially the one who brought him happiness. But guys i fell in love with this player very fast be ready be r Seth Gordon - Like My Damn Face. Renee Walker - I'm a guiet pacifist who I already fully adored. 1/2 Matthew Boyd - My Heart Warms Pure Child. 1/2 wild - my real king. My favorite fox. I invested the most in this story that everything that goes down and everything that goes down and everything that goes down and everything that falls. (Amazing art by LIStarcasterll!) But aside from these foxes, which I mostly adore, my favorite part of this book was the fact that Neil got tired of feeling like there was no home and that he didn't just do it. Finally doing something for myself, completely and utterly inquisitive. I'm not saying that Neil was in the healthiest of circumstances, but it was very nice to see him realize that he was worthy of a home, a family, and love. And I know it will only increase in the next two books! Umut was a dangerous, annoying thing, but maybe he thought she loved him. Overall, I couldn't really download it. This is definitely morally gray and that they are too much shit. But my love for Kevin and Neil reinforced other suspect teammates. But I'll talk to you later because I'm getting King Raven! Blog Instagram Twitter Tumblr | Youtube Twitch content and attractions associated with too much drug use, overdose, addiction, loss of a lover, suicide, cutting, one of the drugs, drug jokes, physical abuse, ex-parent language abuse, talented insults, homophobic pollution (F The F word) and the R word. Use R. Read with Sol & Amy's friend! x §ona was led by ÇağdaşVirginia Ronana - Herondale - September 13, 2020 - Simple, Easy. "Why worry? It's a cruel world, wouldn't, you wouldn't be here if it weren't." "It's not a cruel world," said Nile. Will, physical violence against children, violence, emotional violence, emotional violence, emotional violence I don't know why I waited three years to read this, but I could really blame myself for so long! It's good if I was waiting for so long! It's good if I was waiting for so long because I was pretty sure my youngest I had eaten this book as if it was no deal, and then regret not reading it and not paying attention to it! * LOL* So, yes, I became smarter in three years, and although I have started to appreciate books, I have always been hard to spend time because people!, I know! It's not Shakespeare or Wilde, but even if there is not much storyline or back in the imaginary world, Ha definitely something of your own! Its amazing characters and exit!!! And the boy, did I love them both! XD has been a long time since I am so passionate about the book, and I think it is mainly because of very intriguing heroes. The fox courtyard is nothing more than an image, and oh, I like such books! * LOL* I think if you are looking logical or fictional words, this book is definitely not for you, but if you decide to leave your logic at the door and dive instead. : Well then you are waiting for a surprise! To some extent, I think you have to read this book as if it were a game: enjoy the haste and bustle of the moment, go with your mind, trust your heart and completely ignore your voice in your heart. ;-P If you follow these
