I have doubts about legitimitious, and sometimes I literally had to put the book down and take some deep breaths for fear of being sick. However, its details and descriptions are vague or underdeveloped sometimes, leaving the reader to wonder what it is talking about, what happened, or what happened after? Richard is frequently repeated, and sometimes I had the feeling he was trying this book was difficult to read, the writing was not the best, he could use a good publisher, I have doubts about the legitimità, and sometimes I literally had to put the book down And take some deep breaths for fear of being sick. However, its details and descriptions of him are vague or underdeveloped sometimes, leaving the reader to wonder what he is talking about, what happened, or what happened after? Richard is frequently repeated, and sometimes I had the feeling that he was feeling very difficult to maintain a connection to David and the book of him, because I have not yet been decided. He is trying to benefit from his brother's fame, or is he simply the shared experience? I was really disappointed by the end of the book book, it was abrupt and left many unanswered questions, too many, which makes me think that a second book is coming, or expected, like David's. Throughout the book I was so frustrated that I wanted to scream. Having worked with abustian children I know first hand how difficult it is to be involved CPS, but this case should have been easy to prove. Although the CPS did not behave there are things that could have been done to help. I know a case of abuse that involves a similar situation in which school staff has gathered to help the child. The staff has dressed for the child who held with the nurse, every day when the child is At school, he went to the wet nurse, if necessary, brushed his hair and his teeth and wore clean clothes. At the end of the day he returned to the nurse and returned to his fictile clothes, so the parent wouldn't find out. While applauding the school staff to get David out of the house, I must say that they have failed Richard miserably and should ashamed. I applauded Richard Ben to take under the wing of it, thank God, at least Richard had someone who was looking for him, David difference. I wonder what ever came of that relationship and Ben. I also hope that the brother Scott has never had children. I honestly do not understand how a system could fail so badly not once but twice. I remember that was a different time etc ... But the bottom line is that the authorities need a death to happen before they enter? If they leave abuse as obvious as what happened to Richard Slide, imagine what else arrived. I guess the good part is, times have changed, the laws have changed, though unfortunately not so much because © every day thousands of children are still abused and nobody help either. ...
