Absolute Mobile Testing LLC We have a growing epidemic of drug and alcohol abuse in our Nation. You as a business owner, are responsible for the actions of your employees when they are at work. One of the ways to ensure your new employees are good and trustworthy employees is to make sure they are not taking or abusing harmful substances prior to hiring them. Drug testing potential employees is a vital part of the employment process, however, it is also in a business owners best interest to periodically drug test employees to ensure nobody has fallen into the activities of abusing drugs. Many industries have made this a standard since the majority of their employees drive vehicles, operate machinery, work with children or work with personal information ans their liability is dependent on the employees they entrust to do their jobs safely. Our mission is simple: Offer inexpensive and fair drug and alcohol testing for all. Whether a DOT or non-DOT company as well as an On-Site (instant), large or small, you deserve quality, precise drug and alcohol screening. We offer a variety of tests which include, but are not limited to, random, pre-employment, just or reasonable cause, post accident, and court ordered. Our collectors are DATIA (Drug and Alcohol Industry Association) Certified Professional Collector® (CPC) and are experienced in urine, breath, saliva, sweat and hair testing. Future additions will be DNA testing. We are discrete, professional and knowledgeable. Absolute Mobile Testing LLC was established to fill a need. Until A.M.T was created, non-DOT companies, including ma and pa shops, offices, temp services, etc. were sending potential employees and/or post accident and random tests to clinics or hospitals. They were not only paying the astronomical prices and clinic/hospital fees they were also paying to have their employees to sit in a waiting room waiting to be tested (sometimes for hours), not to mention the transportation costs. We knew the same tests could be done by us for a fraction of the cost and time. Same test, same results, all on the job site or in the office and the results will be known within minutes. Of course, we offer lab based testing for our DOT and non-DOT clients, also (results in 24-48 hrs). Centrally located in Walworth County, our services are offered throughout Southeastern Wisconsin and surrounding areas. Let Us Come To You! Call Today 1-262-203-2479 We come to you.
