Please change your cookie consent settings to enable Click here Have your device repaired in an authorized service Visit our Philips Service Centers if you need help on your Household, Mother and Child Care and Personal Care products. For Personal Care products, please contact our Contact Centre before visiting our Service Center. When visiting Philips Service Centers, please make sure to bring along the below: 1. Proof of purchase (Receipt/Tax Invoice) 2. Philips product (Including accessories) 1. How can I repair my product? If your product isn't working as expected, you can use our online troubleshooting steps to resolve the issue. If a repair is needed, we will help you to request it online. Step 1: Troubleshoot the issue. You can use our online support information to diagnose the problem with your product. You can often solve the problem without sending your product in for repair. To start troubleshooting, fill out your model number in the search box at the top of this page. Step 2: Request for repair or exchange If you cannot solve the issue with your product online, please contact our Contact Center for assistance -> Request an online repair If you own a Philips TV, Avent, Gaggia, or Saeco product, you can contact our contact center to request a repair. If your product is within the Philips warranty, usually the repair will be free of charge. You can read more here about the Philips warranty conditions. 2. How long is the warranty on my product? Depending on the product, Philips warranties are usually between 24 months. To find the warranty period and terms and conditions for your product, please check our warranty terms. 3. My product is no longer covered by the warranty; can Philips still help me? If your product is no longer under warranty, we strive to make the repair process as painless as possible. The proposed solution and final cost will vary depending on the product type, age, and your chosen shipping method. For products that do not have a repair option, we offer our consumers discount vouchers to purchase a new Philips product. To find a repair or discount voucher solution for your defective product, please contact our Contact Centre. 4. I am unable to find the support I need; how can I contact you for help? We aim to provide excellent online support for all our products but do realize that sometimes the information you seek may be hard to find. Before contacting us, please read the following tips for finding support on our website: Where can I find product support? If you are still unable to find the information you need, you can contact our Contact Centre via live WhatsApp, or phone. 5. How long will the repair take? If you need to know the repair progress of your product, please contact our Consumer Care team for further updates 6. Where can I find an authorized Philips service centre? You may visit our Service Locator to help you find the nearest authorized service center in your area. For Personal Care products, we recommend that you contact our Contact Centre prior to visiting our service center. 7. Where can I purchase spare parts and accessories for my product? If you can’t find the spare parts and accessories you are looking for on our online shop, you may place your orders online through our authorized distributors: 8. Where can I find the model number of my product? The model number of your product can be found on the box, on the user manual or on the product itself. If you need further assistance finding the model number for your product, click here to launch the find your model number support page 9. I moved abroad / I bought my product abroad. Will my guarantee be affected? No, at Philips we offer an international warranty for our products, therefore your guarantee will not be affected. Please contact our Contact Centre should you have any issues or questions. 10. If I took an extension of guarantee with my retailer, can I contact Philips? If you are having issues with your product, you are always welcome to contact our Contact Centre and we will do our best to help you. If your product requires a repair or service during Philips guarantee period, we will be happy to organize it for you. However, if the product requires a repair or exchange under the terms of your extended guarantee, it will be necessary to return the product to your retailer. The retailer is responsible for after sales service during the period of the extension of your guarantee. By clicking on the link, you will be leaving the official Royal Philips ("Philips") website. I understand You are about to visit a Philips global content page Continue 1. To register your product, you'll need to log into your MyPhilips account. Don't have one? You can sign up here. 2. Register your product and enjoy the benefits. You can also upload your proof of purchase, so it is stored safely if you need it for service or repair of your product. At Philips, our innovations are driven by consumer and customer needs. Helping people to live healthily and prevent disease. Giving clinicians the tools they need to make a precision diagnosis and deliver personalized treatment. Aiding the patient's recovery at home in the community. All supported by a seamless flow of data. We have a proud heritage of ground-breaking innovation that stretches back almost 130 years. Meaningful innovation - focused on our customers' needs - remains at the heart of everything we do. Yet in an industry as fast-moving as ours, we can rarely innovate in isolation. Increasingly, this means partnering with healthcare providers, start-ups, universities (especially university hospitals) and other companies. As a responsible company, we operate sustainably, to high Environmental, Social and Governance (ESG) standards. We continue to embed sustainability ever deeper in the way we do business - in our own operations and beyond, together with our partners. The continued success of our company depends on every employee feeling valued, respected, and empowered to contribute fully. Products come and go... Technologies change... But Philips is still about one thing: Creating meaningful innovation that improves people's health and well-being The awards and recognition we receive inspire us to continue driving improvement in every aspect of our business.
