To set Google as your default search engine in each browser, follow these steps: Google Chrome: Open Google Chrome and click on "More Settings" in the top right corner. In the "Search engine" section, select "Google". Click "Update Settings". Microsoft Edge: Open Microsoft Edge and go to "Settings" by clicking on the gear icon at the top right corner. Scroll down to "Services" and click "Address bar and search". Select "Google" from the drop-down menu. Internet Explorer: Open Internet Explorer 8 or higher and go to "Help About Internet Explorer". Click on "Manage add-ons" and then find the "Search Providers" section. Select "Google Search" and then click "Set as default". To make Google your homepage, follow these steps: Google Chrome: Open Google Chrome and drag the tab with the URL "www.google.com" to the Home button. Safari: Open Safari Preferences General and select "Homepage". Enter "www.google.com" in the text field. Internet Explorer: Go to "Tools Internet Options" and enter "www.google.com" in the "Home page" field. Click "OK" and restart your browser. Microsoft Edge: Open Microsoft Edge and go to "More Settings". Select "Set your homepage" and type "www.google.com". If you're unable to change your homepage settings, reset your homepage by following these steps: Google Chrome: Go back to the Google Chrome homepage and click on the three dots in the top right corner. Click on "Settings" and then select "Home" from the drop-down menu. Microsoft Edge: Open Microsoft Edge and go to "More Settings". Click on the three dots in the top left corner and select "Set home page". Internet Explorer: Go back to the Internet Explorer homepage and click on the gear icon at the top right corner. Click on "Manage add-ons" and then select "Home page". If you still can't change your homepage settings, check for unwanted programs that may have changed your homepage settings. Have unwanted programs which are classified as malware that is masquerading as the Google site. Learn about malware and how to get rid of it.
