To confess the truth, I am afraid Mr Jones was one of these; for though he was attacked and violently belaboured with the aforesaid weapon, he could not be provoked to make any resistance; but in a most cowardly manner applied, with many entreaties, to his antagonist to desist from pursuing her blows; in plain English, he only begged her with the utmost earnestness to hear him; but before he could obtain his request, my landlord himself entered into the fray, and embraced that side of the cause which seemed to stand very little in need of assistance.Clare's, and then proceeded, apparently in his professional capacity, to make a very startling request.May I beg that you will communicate my request, in the strictest confidence, to the medical men in attendance?How often, in answer to my repeated intreaties that you would give my Daughter a regular detail of the Misfortunes and Adventures of your Life, have you said "No, my freind never will I comply with your request till I may be no longer in Danger of again experiencing such dreadful ones."She is requested to limit herself to her own individual experience of persons and events, as recorded in her diary.
