As a visual student the images are invaluable to help me learn. learn. reference. You'll be inspired by carpenter's desserts complete with delicate cherry blossoms, whimsical circus animals or falling autumn leaves. The book is very informative and available especially for beginners, it also includes almost all the decoration techniques illustrated step by step in a very simple and simple way. PAP. \$24.99. ISBN 9 781 589 236 691. Recommended for anyone who wants to make a cake. Aim low and stick with spray and maybe, if you're ambitious, that tube of pre-made frosting you can get into the supermarket. This is a fabulous learning tool and an excellent resource. Recipes included. Really a good reference for cake decoration. I really enjoyed the step-by-step instruction. Seriously folks, making pies is hard, and it's not just about the right supplies. As it is, I can see this being a baggage for the whole take-off of the cake, the instructions are fantastic as step with the accompanying pictures. Whether you are an experienced or professional decorator, this book will quickly become your Go-to Guide when carpenter, fall. Unfortunately, after purchasing \$50 worth of cake decorating supplies, your manual will qualify for a place on cake wrecks, complete with creepy Donnie Darko-Esque bunnies and other abominations. The superb step-by-step photos of this book and clear instructions will ensure beautifully decorated cakes. The numerous photographs are not only visually appealing but educational and add to the quality of this exceptional work. There is a technique involved, and you can't just learn it from a book. I look at the head of the pie and after reading this book, I wanted to run into the kitchen and get started. Many on techniques for piping, flux, sugar and rubber paste, modeling, lace, ropes, painting, etc. On all the things they decorate... This is the book! Page 2 Book interesting. ... more This is an extremely accurate and detailed guide to cake decoration. I mostly learned how to decorate the cake cake through practice, but this book has taught me a lot that will improve how I decorate the cakes. Excellent reference book. Organized into easy-to-flip sections, it allows readers to go through the preparation process, tools and recipes; to decorating techniques and patterns; for extras to make your projects special; to a design gallery to get inspired. As a beginner, I found it very instructive. I think you would do many more amazing things with the techniques they showed from the projects they provided. I wasn't a big fan of the projects. Index. What a wonderful book about all things cake decoration. 2012. There's really great information on how to do all the techniques and all the great stuff you see on the pie series.
