Invite the child to play the L.H. while you play the R.H. Once they have got the hang of the chord, the rest seems relatively easy - but don't expect them to grasp it all in one lesson. You can add the left hand later on, when the child is ready to play both hands together. Encourage them to keep going and make very light of any mistakes. 3. Once the R.H is mastered you can move on to the L.H but most beginners are happy to play it with one hand for a while, or as a duet with their teacher. Explain the left hand rhythm on the word "way" (bars 4 & 12) as "1 off! 3 off!" as this explains the crotchet (1/4 note) rests. Explain that the R.H plays the top line and that there are four beats in the bar.
