The mission of Madison Academy is to provide a quality education in a Christian environment that will help students grow in wisdom, in stature, and in favor with God and man. Luke 2:52 At Madison Academy, we believe that Christian education is not just about acquiring knowledge; it's a journey that encompasses understanding, wisdom, and a commitment to making a positive impact on our families, society, and God's kingdom. Knowledge and understanding form the foundation of learning, but true wisdom is the ability to apply that knowledge in a way that benefits not just oneself, but the entire community. We are dedicated to nurturing this progression in the growth experience of our students. Our commitment to academic excellence is reflected in our impressive test scores, with our college-bound students averaging 25.1 on the ACT over the past five years. But Madison Academy is more than just test scores; it's a place where mind, body, and soul flourish. We prepare them not only for college but for a lifetime of learning. Here's what makes our fine arts department truly exceptional: A Strong Foundation for the Youngest Learners For our youngest students in Pre-K through 5th grade, we ensure that every child receives both art and music education every week throughout the entire year. While some schools may alternate between art and music each semester, we believe that consistent exposure to both disciplines fosters a well-rounded appreciation for the arts from an early age. Exploration and Diversification in 6th Grade In 6th grade, our students have the opportunity to explore various fine arts disciplines, including theatre, band, choir, and visual arts. They spend 9 weeks in each of these classes, allowing them to discover their passions and interests within the arts. Upper School Excellence As students progress into 7th through 12th grade, they can further develop their skills and talents in their chosen fine arts areas: theatre, band, choir, or visual arts. Our upper school programs are led by passionate Christian educators who are dedicated to nurturing talent and fostering a sense of excellence.
