WordPress themes can give you a great cost-effective starting point for designing a website. Installing a WordPress theme that's right for your site's intent plays a crucial role in creating a visually attractive website. However, it can be hard to find the best one since there are thousands of free themes available. This article compares 95 best free WordPress themes. With this information, you'll be able to pick a free theme that will boost your company's credibility and match your brand's style. Our list covers freemium and free WordPress themes built for various websites, from online portfolios to eCommerce stores. Start A Free 7-day Email Course On WordPress How to Pick Best Free WordPress Themes WordPress themes are widely varied, with different designs, functionalities, and purposes. There are universal themes that suit almost any website, but there are also themes built for specific niches, like eCommerce sites, portfolios, or blogs. We've included a wide variety of themes, making sure there's one for everyone. While all of them are free, some of the themes also offer extra features with their premium versions. We've considered the following factors to compile our list of the best free WordPress themes: Compatibility. We've checked each theme's compatibility with WordPress and the latest versions of PHP. We've also examined the WordPress theme development log to see how frequently it's updated. Credibility. The free themes were selected from reputable developers only. Most of these themes are available on the WordPress theme directory, which guarantees that they are secure and well-coded. Responsiveness. As the majority of people use mobile devices to browse the internet, having a fully responsive design is a must. We've tested each theme on various mobile devices to ensure it looks great on all screen sizes. Customization. We've checked each theme's customization options to ensure they are easy to use. Multipurpose. Most WordPress themes suit all kinds of websites. They come with plugin support to ensure maximum flexibility and include plenty of starter templates with many web designs. Here are our picks for the best multipurpose WordPress themes. 1. Astra Theme stats: Downloads: 1+ million/Rating: 5/5/Notable features: lightweight, 100+ starter templates/Best suited for: all kinds of websites/Price: freemium (from \$49/year or \$239 for a lifetime license) With more than 1 million users, Astra is the most popular freemium WordPress theme. It's also one of the fastest WordPress themes. With a total page size of less than 50 KB, it has a sizeable impact on loading speed, resulting in better search engine optimization (SEO) and user experience. Additionally, this multipurpose theme offers over 100 free WordPress templates to get you started quickly, whether you're building an eCommerce site or a personal blog. The theme supports popular page builder plugins like Elementor, Divi, and Beaver Builder. [PREVIEW / DOWNLOAD] 2. It includes 800 Google Fonts and two-page layout options - boxed and full-width. Additionally, it comes with a grid-style layout, an excellent option for creating an online portfolio. It features three header menu options, and each page can have its own header style for a unique browsing experience. [PREVIEW / DOWNLOAD] 2. Inspiro Theme stats: Downloads: 40,000+Rating: 4.5/5Notable features: multi-platform video support, fullscreen video backgroundBest suited for: photography and video portfoliosPrice: freemium (\$79/year) Inspiro is a freemium WordPress theme dedicated to photography and video websites. Its fullscreen video background supports self-hosted files and videos from Vimeo and YouTube. Additionally, the theme is lightweight, helping websites load quickly. It's also compatible with WooCommerce, so you can create a shop within your portfolio website. [PREVIEW / DOWNLOAD] 3. Perfect Portfolio Theme stats: Downloads: 3,000+Rating: 5/5Notable features: grid layout, WooCommerce supportBest suited for: various portfolio websitesPrice: freemium (from \$59 for a lifetime license) Perfect portfolio is a clean-looking free WordPress theme. Unlike most portfolio themes in this list, this theme is not focused on photography and can be used by any creatives and professionals like web developers, designers, and illustrators. The portfolio section uses a neat grid layout to display your works. It also allows you to categorize your works, and the theme will use a unique animation when users switch to a different category. The theme is also WooCommerce-ready so you can make money online by selling your works or services. [PREVIEW / DOWNLOAD] 4. Rife Theme stats: Downloads: 30,000+Rating: 5/5Notable features: one-page mode, mega menu, live writing effectBest suited for: photography, portfolio, creative websitesPrice: freemium (from \$39/year) Rife is a WordPress theme ideal for creative businesses, photographers, and fashion stores. To help create the page layout you want, it provides extensive customization options, such as a one-page mode, a brick gallery for photographers, and a mega menu. The animation effect present on the text makes it look as if it's being written live, and the responsive slider supports a variety of content, including images and videos. [PREVIEW / DOWNLOAD] 5. Modern Theme stats: Downloads: 3,000+Rating: 5/5Notable features: multiple post formats, full-screen slideshowBest suited for: portfolio websites, blogsPrice: free Modern is a comprehensive free WordPress theme for portfolio websites and blogs looking for a bold style. It features a full-screen slideshow to showcase content. This theme suits various disciplines, including photography, graphic design, and copywriting. It allows posting seven types of content, including audio, video, and gallery. The one-click demo content importer makes it creating a website quick with the predefined layouts from the theme's demo website. However, if these options don't suit your brand, the theme also supports multiple drag-and-drop page builders for easy customization. [PREVIEW / DOWNLOAD] 6. PhotoFocus Theme stats: Downloads: 6,000+Rating: 5/5Notable features: custom content types, integrated starter templateBest suited for: photography websitesPrice: freemium (\$59.99/year) PhotoFocus is a photography-oriented WordPress theme, and it's perfect for photography portfolio websites. The theme includes a starter site template, so there's no need to import demo content to get started. That said, it requires the companion Essential Content Types plugin to enable the portfolio content type. Other content types you may find useful are testimonials and services. [PREVIEW / DOWNLOAD] 7. Hitchcock Theme stats: Downloads: 10,000+Rating: 4.5/5Notable features: Jetpack Infinite Scroll support, integrated site template, gallery post formatBest suited for: photography portfolioPrice: free Hitchcock is a free WordPress theme that comes with a neat three-column grid layout for posts. The theme supports the gallery post format that will present the images at the top of a post using a 1,040 pixel wide slideshow. This type of post format is useful for displaying images with text content below them. Moreover, the theme is retina-ready, so you can be sure that your images will look the best. Hitchcock also comes with Jetpack Infinite Scroll support which will load more posts to the grid when visitors reach the bottom of a page. [PREVIEW / DOWNLOAD] 8. Bold Photography Theme stats: Downloads: 3,000+Rating: 5/5Notable features: hero content, testimonial sectionBest suited for: photography websites, online portfoliosPrice: freemium (\$59.99/year) Bold Photography is a multipurpose WordPress photography theme. Its dark and elegant design is suitable for creating an online portfolio, photography blog, or selling photos online. The hero content element allows placing engaging content, while the featured content option lets you post highlights on the front page. The free theme comes with a built-in testimonial section for customer reviews to help strengthen your brand's credibility. [PREVIEW / DOWNLOAD] 9. Tracks Theme stats: Downloads: 5,000+Rating: 5/5Notable features: unique grid layoutBest suited for: portfolio with multiple projectsPrice: freemium (from \$49 for a lifetime license) Tracks is a minimalist WordPress theme that utilizes a neat two-column grid design to show off posts and images on the home page. The grid layout displays alternating post excerpts and featured images, giving pages a unique look. You can add photo galleries to posts, so this theme and its neat layout work best when you have multiple projects to demonstrate. [PREVIEW / DOWNLOAD] Theme stats: Downloads: 7,000+Rating: 5/5Notable features: hero content, Jetpack Tiled Gallery supportBest suited for: photography portfolioPrice: freemium (\$59.99/year) Fotografie was developed by the people behind PhotoFocus and Bold Photography, which means it has the benefit of options for portfolio, service, and testimonial content types. However, Fotografie has the hero content feature to display an attractive image at the top of the home page or the entire site. This theme supports the Jetpack Tiled Gallery plugin to create a neat and beautiful tile image gallery to show your works. [PREVIEW / DOWNLOAD] Best Free WordPress Podcast and Video Themes WordPress podcast themes let you upload audio files and create playlists on audio-based websites, like podcast, music streaming, or radio sites. WordPress video themes have a similar purpose to podcast themes, but the type of media they support differs. What's more, users can use video themes for video blogs as well. Check out our picks of the five best WordPress themes for podcast and video websites. 1. Audioman Theme stats: Downloads: 3,000+Rating: 5/5Notable features: built-in audio player, playlist option, breadcrumbsBest suited for: audio podcasts, music websitesPrice: freemium (from \$59.99) Audioman is a music-focused free WordPress theme suitable for embedding and promoting podcasts. It has a built-in audio player, so you can simply upload your podcast to make it available to the visitors. It has a playlist option that lets you group several audio files on a page. Enable the playlist feature using the Customizer to display the list of audio tracks on the homepage or the entire site. Furthermore, breadcrumbs navigation improves the user experience and optimizes the website for search engines. The theme also comes with a scroll-up button by default to make it easier for visitors to jump back to the top of a page. [PREVIEW / DOWNLOAD] 2. Euphony Theme stats: Downloads: 2,000+Rating: 5/5Notable features: sticky playlist, hero content, sliderBest suited for: audio podcast, music websitesPrice: freemium (\$59.99) Euphony is another free WordPress theme for music websites developed by Catch Themes, the creator of Audioman. It has a sticky playlist feature for displaying the audio player and playlist on the screen regardless of how visitors scroll through the website. It also has a built-in slider, making it easy for you to create a slideshow with up to four featured pages. Lastly, the hero content feature lets you display the highlighted pages. [PREVIEW / DOWNLOAD] 3. Podcast Theme stats: Downloads: 2,000+Rating: 4.5/5Notable features: global color palette, featured pages, latest episode sectionBest suited for: audio podcasts, radio websites, streamersPrice: freemium (from €75/year) This free podcast WordPress theme suits podcast, radio host, and streamer websites. It comes with eight global color palettes that let you change the color scheme of your entire site easily. If none of them suit you, use custom CSS to customize the theme's look. The theme lets you feature up to four pages on the homepage. It also has a section for specific podcast episodes - it can be added via the Customizer. [PREVIEW / DOWNLOAD] 4. Video Podcasting Theme stats: Downloads: 100+Notable features: built-in slider, Ibtana plugin support, CSS animationBest suited for: podcast and video websitesPrice: freemium (\$40 for a lifetime license) This new free WordPress theme works great for both podcast and video websites. It comes with a page loading CSS animation and strategic CTA button placements that will make your website appealing. Its built-in slider allows you to add up to four pages to a slideshow. The theme supports the Ibtana plugin that lets you import block templates for quick page building. The Ibtana plugin also expands the theme's customization options by providing 17 additional WordPress blocks, including a progress bar, accordion menu, and multiblock slider. [PREVIEW / DOWNLOAD] 5. Video Streaming Theme stats: Downloads: 100+Notable features: built-in slider, trending videos, WooCommerce supportBest suited for: video websitesPrice: freemium (\$39 for a lifetime license) Video Streaming is a new free responsive WordPress theme that packs many features. Its built-in slider lets you display up to 50 featured posts and videos. Use the trending videos feature to display the selected video categories on the homepage. By combining it with the built-in slider, you'll have an engaging homepage with plenty of content for visitors to watch. The theme's fully responsive design ensures the videos will play and look great on any screen size. It also has WooCommerce support to enable the online store functionality on your video website. [PREVIEW / DOWNLOAD] Conclusion Many factors can influence how people perceive your brand, and your site appearance is a crucial one. Thus, it's essential to have a professional, visually appealing, and responsive design, as it will help you gain credibility and increase your conversion rates. Top-quality free WordPress themes can grant you a great starting point to launch your site from, offering pre-made templates and easy-to-use customization tools. Even though there are many multipurpose WordPress themes, choosing a niche-specific theme can save you time and help you achieve better results. For example, a WooCommerce theme may include eCommerce features like a shopping cart or product view options, making it unnecessary to obtain a separate plugin just for that. Remember that it's typically best to get your theme from the WordPress theme directory to ensure that it is well-coded, compatible with the latest version of WordPress, and features a responsive layout.
