Benzoyl Peroxide 2.5% gel

What is this medicine?

BENZOYL PEROXIDE is used on the skin to treat mild to moderate acne.

What should my health care professional know before I use this medicine?

They need to know if you have any of these conditions:

- asthma
- skin disease, abrasions, irritation or infection
- sunburn
- an unusual or allergic reaction to benzoic acid, cinnamon, parabens, sulfites, other medicines, foods, dyes, or preservatives
- pregnant or trying to get pregnant
- breast-feeding

How should I use this medicine?

This medicine is for external use only. Do not take by mouth. Before using, wash affected area with a gentle cleanser and pat dry. Do not apply to raw or irritated skin. Apply enough gel to cover the area and rub in gently. Avoid getting medicine in your eyes, lips, nose, mouth, or other sensitive areas. Do not wash treated areas of skin for at least 1 hour after using the medicine. If you experience very dry and peeling skin or skin irritation, talk to your doctor or health care professional.

What if I miss a dose?

This doesn't apply.
